

Top 50 Keynote Speakers in the World 2020

By Trevor Oldham | Jun 25, 2020

#9. Norliza Pavlakos

Norliza Pavlakos wasn't always the confident entrepreneur she is today. She was once a victim. As a small child, Liza became homeless after running away to escape sexual abuse. As a young adult, she endured violence and disfigurement. But, not one to be cowed by adversity, she had the guts to take on the challenge and grow and bounce back stronger. Today, Pavlakos is a successful businesswoman, founder of Mind Hub Directory—a global mental health platform—and a motivational speaker dedicated to helping others overcome their challenges.

She motivates thousands at global events and helps corporate teams achieve their goals. Featured on CNN and BBC, she has spoken for Microsoft, Lenovo, DELL, and Qatar Airways. A champion of human rights, she also supports women in becoming successful entrepreneurs.
